

Armada 1 Battleship

The game *Star Trek: Armada* has four kinds of ships, that can be considered a battleship:

Depiction	Name
	Cube
	Sovereign
	Negh'Var
	D'deridex

Battleships are the most powerful of vessels after the [super weapons](#). They feature two conventional and one [special weapon](#). They have the strongest shields as well but are also rather costly. (Only [casters](#) and super weapons are more expensive.) Even one or two of them can deal considerable damage if not engaged immediately.
