

Armada 1 Campaign Ships

The [singleplayer campaign](#) of the game *Star Trek: Armada* features several ships, that are not part of the multiplayer, which may also serve a hero (or villain) role. They may not be available for the standard multiplayer but on custom maps and with mods these ships may very well be used for multiplayer:

Species 9341		Mother Entity	(/s)	s	(/min)	(/s)		/s		/s		/s	campaign_ships	single-player_campaign

These ships are (usually) not constructable (they are part of the single player campaign) but they can be used in [mods](#) and do have construction properties, such as dilithium cost or build time. Some of them only appear in one single mission. Others are recurring.
