

Unreal Tournament Series

The Unreal Tournament (or short: UT) series consists currently of the following five games:

- [Unreal Tournament](#) (1999),
- [Unreal Tournament 2003](#) (2002),
- [Unreal Tournament 2004](#) (2004),
- [Unreal Tournament 3](#) (2007) and
- [Unreal Tournament 4](#) (not officially finally released, yet).

All of them are first person arena shooters. The first title of the series was an offshoot of the [Unreal](#) game. It came completely without a single player campaign, which was a novelty back then. It was primary in competition with the [Quake 3 Arena](#). It's successor, [Unreal Tournament 2003](#) was received well, but was put in the shade soon after, when [Unreal Tournament 2004](#) was released.

The title [Unreal Tournament 3](#) was not as big of a success as his predecessors. Most players went back to UT2004 after a while or transitioned to other games.

As of now (January 2022) UT4 is not yet officially released and may never be. [Epic Games](#) stated, that they put the project on ice in favor of their [Fortnite](#) title.
